

Icebreaker: Famous Christmas Couples

Group size: 8 – 22 (if group is larger you'll need to make additional cards OR divide into smaller groups)

Time needed: 20 minutes

Supplies: Tape, copy of Christmas Couple Cards (Christmas movie couples, Christmas song couples, Christmas symbol couples).

Instructions: Prior to your party/event print and cut the game cards (do not show anyone the cards).

Explain to the group that they are going to get a Christmas couple/symbol/song (depending on which you are using) taped onto their back. They will have two tasks.

1. First they must figure out what or who they are. They must ask the others in the room questions about their card – only yes and no answers can be given. For example, am I a cartoon character? You may only ask one question of each person in the room. (If your group is smaller than you may want to tell them they can only ask 2 questions of each person.)
2. After you have figured out what your card says you need to find the other half of your “couple”.

Once everyone understands the game, go around the room taping one card to the back of each player – make sure they do not see what is on their card.

Once everyone has a card on their back let the game begin! First two people to figure out their card and find their match wins. Winners can receive bragging rights, candy cane, or door prize – your choice!

Notes:

I've included blank cards in each set so you can add your own Christmas Couples. Want to make it more challenging? Pull couples from each set of cards.
