

Summer: Would You Rather Questions

Here are 7 ideas for using these questions:

1. Place one question at everyone's seat. Have the group/table go around and share their answer.
2. Place the cards inside a sand pail (or bag) and have each person take a question out and answer it as it passes by.
3. Divide the room in half (painters tape works great) and have everyone answer by standing on the side of the line/room that represents their answer.
4. Take a vote! Have the group guess which answer they think the person will choose before having them reveal their answer.
5. Write the questions on a set of Jenga blocks. As each person takes a turn they have to answer the question. (Just write the choices.)
6. Ask participants to share "why". Best for smaller groups and/or tables.
7. Write the questions all over the surface of a beach ball. Participants choose between the two questions their hands land on when they catch the ball.

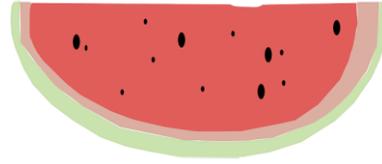

The choice is yours - have fun with it!

I've created two worksheets for you so you can use the questions as you wish.

Page 1 lists all the questions should you wish to read them aloud.

Page 2 lists the same questions with space in between so you can print and cut them.
